

## About Raphah Ministries`

Raphah Ministries is a non-denominational Christian healing and discipleship ministry with a vision to touch hurting and wounded believers with the Father-Heart of God, and to rebuild such broken lives with healing and restoration to wholeness through the Word of God, biblical counsel and Spirit-enabled prayer.

The ministry had its beginnings in a local prayer support group for the Ellel Ministries' International Schools of Evangelism, Healing and Discipleship, England, and grew out of the desire of a number of its alumni to establish a similar local ministry and training centre where believers could come and receive teaching, be trained and equipped to serve the Body of Christ in healing and discipleship ministry.

Based at "Beit Raphah" - House of Healing - located in the residential suburb of Petaling Jaya, Raphah Ministries is served by volunteer ministry teams and a Leadership comprising members from different congregations. The Leadership is in turn advised by a panel of senior Christian leaders of the Malaysian Church community.

The ministry is registered in Malaysia as Life Rebuilders (M) Sdn. Bhd. [534687-U] and has training and ministry centres in Petaling Jaya and Ipoh.

Raphah Ministries is a current member of the National Evangelical Christian Fellowship of Malaysia (NECF).

(fee is inclusive of training, workbook & refreshments)

please note that a late charge of RM10.00 is applicable  
 for registrations received after the closing date of  
 Wednesday, 18 May 2011

## About the Seminar

God who created us is utterly interested in every aspect and detail of our lives - including our bodies. In 3 John 2, the Bible tells us that our bodies should be as healthy as our souls! Thus in looking to understand our physical problems and symptoms, it is equally—if not more—important for us to look at the health of our spirit, mind, will and emotion (i.e. the soul).

In seeking to have an understanding of the problem of cancer, it is not enough to merely consider how cancer occurs and grows in the body, how to identify it, how to deal with it medically, or how to prevent it.

Instead we need a more comprehensive approach that looks deeper—beyond the physiological and natural dimensions—to the spiritual, and especially to the spiritual roots to problems, and the spiritual principles that can be applied in the prevention of the disease and in divine healing.

The seminar provides a layman's medical understanding of how normal and cancerous cells grow, what natural defences God has provided for us, and how these defences can break down. It also touches on and explains some of the more commonly accepted causes of cancer while debunking other anecdotal, popular but unproven causes which have often brought about unwarranted fear in many people. The seminar will also provide valuable practical insights into means and methods of managing cancer.

Participants at the seminar will be introduced to ways of identifying the presence and activity of cancer, the diagnostic approaches adopted and practiced by the medical community, and the medical methods of managing the disease.

Time will also be spent on examining key biblical principles of health and disease so that appropriate measures can be taken to rectify infringements of God's laws—if any—through the making of right and godly choices.

## Seminar Details

- Date: **Saturday  
21 May 2011**
