

Course Description

This 4-day Course (Part 2) is a skills- and practice-oriented component in healing ministry, designed to build on and complement the **Understanding Christian Healing: The Issues** 6-day Course (Part 1) conducted by Raphah Ministries.

Over the four days participants are given further biblical teaching on the practice of Christian healing ministry, tested and practical ministry insights, diagnostic tools, vital keys to healing, and guidelines for praying healing and restoration into individuals confronted with specific physical, psychological and spiritual needs.

Participants intending to register for this Course are required to have first completed the 6-day **Understanding Christian Healing: The Issues** Short Course .

Both Part 1 and Part 2 are deliberately designed to give priority to learning how to listen to God in extending healing ministry, how to identify root problems and consequences, and how to develop appropriate responses so that ministry is led by the Holy Spirit according to an individual's circumstances and needs.

Teaching Format

The daily schedule consists of three or four teaching sessions with regular breaks, and includes times for discussion, questions and answers, as well as prayer as led by the Spirit of God.

Attendance at all training sessions over the 4 days is required, and on completion of the Course, participants will receive a **Certificate of Attendance**.

About Raphah Ministries

Raphah Ministries is a non-denominational Christian healing and discipleship ministry with a vision to touch hurting and wounded people with the Father-Heart of God, and rebuild lives broken and damaged in the course of living out our lives.

The Ministry is committed to work alongside individuals and the wider body of Christ in encouraging awareness of the Christian healing ministry, and in equipping the local church to carry out this task. It does this on a regular basis through church visits, seminars and training courses.

The philosophy, work and mission of Raphah Ministries are founded on the Scripture in Isaiah 61:1,

The Spirit of the Lord God --- has anointed me to bring good news to the afflicted; He has sent me to bind up the broken-hearted, to proclaim liberty to captives and freedom to prisoners.

Raphah Ministries had its early beginnings in a local prayer support group for **Ellel Ministries International, England**, and grew out of the desire of a number of alumni of Ellel Ministries' **Schools of Evangelism, Healing and Discipleship** to establish a similar, local, healing ministry and training centre where believers could come and learn, receive teaching and ministry, and be equipped to serve the Body of Christ.

The Ministry is headed by a Leadership Team comprising pastors and lay persons from different local congregations, and is in turn advised by a panel of senior Christian leaders of the Malaysian Christian community.

Raphah Ministries is an active member of the National Evangelical Christian Fellowship (NECF) and is registered in Malaysia as **Life Rebuilders (M) Sdn. Bhd.** with its Centre in Petaling Jaya, Selangor.

Further information on Raphah Ministries Malaysia and its activities can be found at its website located at www.raphahministries.org.my

Sample Case Studies

This Short Course aims **firstly**, to provide participants with a systematic yet down-to-earth working knowledge of the practice of Christian healing ministry, and **secondly**, teaches how a believer—with a biblical understanding of the operation of spiritual laws and principles, and with the appropriate handles and tools—can confidently, accurately and effectively pray healing and freedom into people struggling with unresolved personal and spiritual conflicts that have robbed them of their joy and fruitfulness in the Lord.

Who May Attend

This Short Course is suitable for anyone who is keen to learn what the Bible has to say about the nature, purpose and validity of Christian healing ministry, in particular the root causes behind specific persistent personal and spiritual struggles and how to resolve them.

The Short Course is conducted in a seminar context and therefore not a suitable setting for those who wish to seek comprehensive and extended prayer counselling ministry for themselves.

The language of instruction is English, so a working knowledge of the English language would be a helpful pre-requisite.
