

About Raphah Ministries

Raphah Ministries is a non-denominational Christian healing and discipleship ministry with a vision to touch believers with the Father-Heart of God, and rebuild lives damaged in the course of living out our God-given destinies. Raphah Ministries is also committed to equip and resource the local church to carry out this task.

The Ministry had its beginnings in a prayer support group and grew out of the desire of a number of alumni of the Ellel Ministries' International Schools of Evangelism, Healing and Discipleship to establish a local ministry and training centre where believers could come and receive teaching, be trained and equipped to serve the Body of Christ.

Based at "Beit Raphah" – House of Healing – located in the residential suburb of Petaling Jaya, Raphah Ministries is served by a Leadership Team comprising believers from different congregations, and the Leadership Team is in turn advised by a panel of senior Christian leaders of the Malaysian Church community.

Raphah Ministries is registered in Malaysia as Life Rebuilders (M) Sdn. Bhd. [534687-U]

About the Seminar

We all experience difficulties in life: failures, regrets, loss of loved ones, problems at work, deteriorating relationships, etc., that cause us to feel moody or depressed. In most cases these “mood swings” pass as the difficulties and problems are resolved or overcome. However, in some situations, these moody feelings—like a blanket of weariness and heaviness of heart—can persist and develop into episodes of depression.

Such severe or prolonged depression can affect a person’s thoughts, health, appetite, sleep, energy, work, relationships, behaviour and more. As a matter of fact, people who suffer from depression find it a real struggle to function normally despite their previous ability to handle changes and challenges. A common feeling often experienced is that of being wrapped in a dark cloud of misery and despair that seems impossible to escape from!

A depressive disorder is a “whole-person” illness involving spirit, soul and body and not just a passing blue mood or condition that can be willed or wished away. It is a psychiatric condition, and sufferers cannot merely “pull themselves together” and get better.

The good news is that depression can be treated and overcome. People suffering from depression can recover and need not have the symptoms last for weeks, months or years. Appropriate treatment coupled with an understanding of the spiritual—as well as psychological—nature of depression, the combination of factors that cause depression, and learning to recognize the signs and triggers can greatly help a person towards recovery and healing in God.

This seminar on **Understanding and Overcoming Depression** begins by examining the extent to which depression is a problem of the emotions, the consequences of sin, the activity of spiritual powers or a combination of all three. The second session looks at and considers some of the causes and triggers commonly associated with depression, and the “cures” often prescribed for their healing. After lunch, the third session offers a Christian perspective to appreciating and understanding depression, and offers some practical suggestions and spiritual keys for the overcoming of depression. The last session concludes the teaching, answers questions raised, as well as a short time to pray for the participants and their needs in this area.
